Elliot Uhlenhopp's wish was that his 250-acre arboretum be gifted to Jasper County Conservation. He reminded others, "The world needs more trees; plant as many as you can," and this is just what he did! JCC accepted his generous donation and has worked to create a natural area full of trails winding through prairie, timber, wetlands and 7 ponds, each named for a day of the week. He also built the beautiful cabin that is now available for rental as a place to come out and be one with nature.
