### PRODUCT FACTS AND BENEFITS

1. Tested and proven environmentally safe and friendly
2. Application as a subbase to cement and asphalt that maintains results for a much longer period of time
3. Decreases the need to remove unstable soils and replace with stable soils
4. Great for problematic soils
5. Tested, demonstrated and approved in Africa, Asia and North America
6. Installation is faster than other durable systems
7. Increases compressive strength of treated soil
8. Improves "load-bearing capacity"

**STRONG ROAD PRODUCTS**

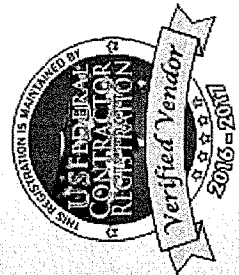

**A MORE  
ECONOMICAL AND  
PROVEN  
APPROACH TO  
ROAD BUILDING**

## STRONG ROAD PRODUCTS

Distributes the SA-44/LS-40  
Chemical Soil Stabilization  
System made by Dallas  
Roadway Products, Inc.

### The Product

SA-44/LS-40 soil stabilization system provides low cost yet superior technology for road preparation.

- ◇ Environmentally safe and friendly
- ◇ Tested & proven in 23 countries and many states
- ◇ Uses less raw materials and less labor than conventional roads
- ◇ Withstands heavy monsoon rains, floods, snow and ice, freeze and thaw conditions
- ◇ Can be used with or as an enhancement to other materials such as cement, lime and asphalt
- ◇ Reduces heaving and swelling in expansive soils
- ◇ Compatible with use of recycled asphalt and/or concrete melts to increase strength

**Proprietary Liquid Solution** The toxic free liquid chemical agent provides a bond joining the soil particles to form a new and tougher material. Lignin, one of the key ingredients, is derived from abundant and renewable resources such as trees. Lignins are non-toxic and extremely versatile in their performance in the soil. This creates a strong foundation and a flexible hard and relatively dust free surface.

### Applications

The product is perfect for:

- ◆ Creating strong roads in an efficient and inexpensive way
- ◆ Rehabilitation of old highways, city or county roads, streets, driveways and parking areas
- ◆ Adding to recycled asphalt and concrete to increase strength and reduce requirement of the product

### What Is The Process?

Upon acquiring a soil sample, engineers prepare a custom blend of our products to work specifically on the soil in your road. There are over 55,000 kinds of soil in the world and our product, under certain conditions, is designed to work with all of them.

Experienced road building contractors have been chosen and trained to build to our specifications. We certify only the best to apply the product and build your road to last.

The road will set-up and can be driven on immediately and starts getting hard enough for normal traffic within approximately three hours. After the road has totally cured in about two weeks, it is extremely durable.

### DALLAS ROADWAY PRODUCTS

The SA-44/LS-40 was the first cataloged soil stabilization system under contract with the General Services Administration (GSA)

Resolution number \_\_\_\_\_

Resolution naming depositories: April 4, 2017 Jasper County

BE IT RESOLVED by the Board of Supervisors of Jasper County, Iowa: That we do hereby designate the following named banks to be the depositories of the county funds in amounts not to exceed the amount named opposite each of said designated depositories and the County Treasurer, Sheriff, Recorder and Auditor are hereby authorized to deposit the Jasper County funds in amounts not to exceed in the aggregate the amounts named for said banks as follows, to-wit:

Name of Depository	Location	Max deposit under Previous resolution	Maximum under this resolution
First Newton National	Newton	\$1,000,000	\$1,000,000
US Bank	Newton	\$1,000,000	\$1,000,000
Great Southern	Newton	\$30,000,000	\$30,000,000
First State Bank	Colfax	\$5,000,000	\$5,000,000
Great Western	Newton	\$5,000,000	\$5,000,000

 Joe Brock, Chair

\_\_\_\_\_  
 Dennis Parrott, Jasper County Auditor

The above resolution is in compliance with Iowa Code Chapter 12C.2

March 28, 2017

Tuesday, March 28, 2017 the Jasper County Board of Supervisors met in regular session at 9:30 a.m. with Supervisors Brock, Carpenter and Cupples present and accounted for; Chairman Brock presiding.

Pam Olson from the Engineers Office asked the Board to adopt a couple of road vacation resolutions and a resolution to correct legal description on a previously adopted road vacation.

Motion by Carpenter, seconded by Cupples to adopt Resolution 17–16 vacating the East-West alley of Block 27 and a portion of West 129<sup>th</sup> Street South in the town of Vandalia, Iowa in Section 20-Township 78North, Range 21 in Jasper County.

YEA: CUPPLES, CARPENTER, BROCK

A complete copy of the resolution is on file in the Office of the Jasper County Auditor.

Motion by Carpenter, seconded by Cupples to adopt Resolution 17-17 to vacate various pieces of right of way in the town of Galesburg in Section 35-79N-18W of Elk Creek Township, Jasper County, Iowa.

YEA: CUPPLES, CARPENTER, BROCK

A complete copy of the resolution is on file in the Office of the Jasper County Auditor.

Motion by Carpenter, seconded by Cupples to adopt Resolution 17–18 amending the legal description in Jasper County Resolution 14-46 to read:

That portion of South 112<sup>th</sup> Avenue West beginning at the East right-of-way line West 93<sup>rd</sup> Street South; thence easterly to the West right-of-way line of West 86<sup>th</sup> Street South; all in Sections 19 and 30, Township 78 North, Range 20 West of the 5<sup>th</sup> P.M., Jasper County, Iowa. The bridge on this portion of roadway will also be vacated and removed by the County Highway Department. Jasper County reserves the right to go on the property for removal.

YEA: CUPPLES, CARPENTER, BROCK

A complete copy of the resolution is on file in the Office of the Jasper County Auditor.

Graham Sullivan asked the Board to use the Courthouse lawn for an Easter Egg Hunt.

Motion by Cupples, seconded Carpenter to approve the use of the Courthouse lawn for the Newton Main Street Easter Egg Hunt scheduled for 6:00 p.m., April 6, 2017.

YEA: CARPENTER, CUPPLES, BROCK

Motion by Brock, seconded by Carpenter to direct the Buildings and Grounds Director to hire Midwest Air Quality to test the air quality of the Jasper County Annex building.

YEA: CUPPLES, CARPENTER, BROCK

Supervisor Cupples said that Shive Hattery Co. would be in Newton next Tuesday at 7:30 a.m. to assess spacing needs at the County Annex building.

Supervisor Cupples stated that Dave Lorenzsen of the Iowa DOT has been working with the Attorney General to draw up the appropriate paperwork for the Iowa Traffic Incident Management Training Center.

Motion by Carpenter, seconded by Cupples to approve the Board of Supervisors minutes for March 21, 2017.

YEA: CUPPLES, BROCK, CARPENTER

There were no Board appointments.

Motion by Carpenter, seconded by Cupples to adjourn the Tuesday, March 28, 2017 meeting of the Jasper County Board of Supervisors.
