Restated Master License and Services Agreement

This Master License and Services Agreement (the “**Agreement**”), and the exhibits hereto, made and entered into upon the date of last signing (the “**Effective Date**”), by and between Jasper County (IA) (the “**County**”) and HomeWAV, LLC, a Delaware limited liability company (“**HomeWAV**”). Each of the County and HomeWAV may be referred to herein as a “**Party**” and collectively, the “**Parties.**”

RECITALS

Whereas, HomeWAV is a provider of a unique, custom all-in-one inmate communications solution comprised of patented technology, software applications, hosted services, and equipment that has been adapted for use in secured detention facilities as more particularly described herein (collectively, the “**System**”); and

Whereas, the County desires that HomeWAV provide the System to one or more of its secured detention facilities (each a “**Facility**” and collectively, the “**Facilities**”), and HomeWAV desires to provide the System identified herein to the County pursuant to the terms and conditions set forth herein; and

Whereas, this Restated Master License and Services Agreement is intended to supersede and replace the Lease, Service, and Revenue Sharing Agreement executed between the parties on January 14th, 2019 and the Restated Master License and Services Agreement executed between the parties on August 22nd, 2024; and

Now, therefore, in consideration of the mutual covenants and promises contained herein, and for other good and valuable consideration, the Parties agree as follows:

1. **Definitions.**

- a. “**Equipment**” means the specific HomePAS™ Kiosks, ComPAS™ Tablets, ComPAS™ Charging, PoE Adaptor Sets, routers, switches and other such hardware and equipment which is provided to the County as part of the System licensed to it under this Agreement.
- b. “**Licensed Services**” means that portion of the System comprised of the Software and cloud-based applications that are run on a hosted system and which are provided by HomeWAV to the County pursuant to the license terms herein to enable inmate video calls and messaging services at each Facility.
- c. “**Professional Services**” means the installation, setup, configuration, and testing of the Equipment and the System, and training provided by HomeWAV to the County as more particularly described herein.
- d. “**Software**” means the proprietary and patented software program owned by HomeWAV and licensed to the County pursuant to the terms of this Agreement.

2. **Exclusivity.** The County acknowledges and agrees that this is an exclusive services agreement between the Parties; and accordingly, the County agrees that for as long as this Agreement remains in full force and effect HomeWAV will be its sole and exclusive provider of inmate video calls and messaging services for all of its Facilities. For purposes of clarity, this exclusive arrangement means, and the County agrees that the County is expressly prohibited from engaging, using, licensing, purchasing, or accepting from any third party, employee, contractor, or related entity any software, equipment or services that are similar to some or any part of the System (including the Licensed Services) or the Professional Services for use at any of its Facilities.

3. **Term of this Agreement.** This Agreement is effective as of the Effective Date and continues in full force and effect until expiration of a Term or earlier termination. HomeWAV will provide the System and related Professional Services and Licensed Services to the County through January 14th, 2029 (the “**Initial Term**”) unless earlier terminated pursuant to Section 15. The Initial Term shall begin on the date that all Licensed Services called for under this Agreement are fully activated at the Facility (the “**Commencement Date**”). This Agreement will automatically renew for additional three (3) year periods (each a “**Renewal Term**”) unless either Party notifies the

other Party of its desire not to renew this Agreement at least ninety (90) days prior to the commencement of the next Renewal Term. The Initial Term and each Renewal Term are collectively, the “Term.”

4. **Professional Services (No Charge).** HomeWAV will provide the following Professional Services to the County at no charge during the Term:

- arrange for the delivery of the Equipment to the County’s Facilities included under this Agreement,
- load the Software onto the Equipment,
- coordinate the installation of the Equipment in designated wall mount locations within the Facilities,
- provide system testing and acceptance on all Equipment,
- provide staff and inmate training on platform features and functionality,
- arrange for installation of high-speed Internet service at a minimum of 0.5MB up/0.5MB down per kiosk, and any equipment associated therewith to service the System, and
- arrange for cat 5e or greater cable to be installed (if necessary) to each location within the Facility where Equipment is to be installed.

HomeWAV may cause or obtain a physical site survey of each Facility to confirm the number of kiosks, the installation location within the Facility, and any other specifications or plans provided by the County (the “**System Solutions**”). The County acknowledges and agrees that all proposed System Solutions are contingent upon the site survey and that HomeWAV shall have authority to modify any proposed Systems Solutions as necessary to comply with the limitations of a given Facility.

5. **Support and Maintenance (No Charge).** For the entire Term of this Agreement, and at no charge to the County, HomeWAV will support and maintain the Equipment located at each Facility pursuant to HomeWAV’s Software and Hardware Service Level Agreement attached hereto as Exhibit B (the “**Service Agreement**”). Under no circumstances may the County or any third party acting on behalf of the County install, uninstall, or perform any maintenance or related services on the Equipment, it being understood and agreed that only an approved HomeWAV technician may provide Professional Services, support, and maintenance on the Equipment.

6. **Ownership of Equipment and Software.** HomeWAV is the sole and exclusive owner of the Software and Equipment and retains all right, title and interest in and to the Software and Equipment at all times during the Term. The Software and Equipment are provided to the County pursuant to the System license granted in Section 7 below. HomeWAV will purchase and maintain insurance coverage for the Equipment and the Software comprising the System. HomeWAV will deliver the Equipment to the County’s designated Facilities pursuant to a mutually agreed schedule and will install and configure the Equipment with the Software pursuant to the Professional Services set forth above. The cost required to replace any lost or damaged Equipment installed at the Facility, which shall include, but not be limited to the cost of the Equipment, configuration, shipping, and installation, shall be deducted from the County’s share of revenue.

7. **License to System.** HomeWAV hereby grants to the County a limited, non-assignable, non-sublicensable, revocable, and nonexclusive license during the Term to use the Software, Equipment, and related components comprising the System solely for the limited purposes of providing video calls and messaging services to inmates in each Facility and viewing or monitoring the records of such calls. In addition, if the County exercises its right to

receive “Add-On Features” as set forth in Exhibit A attached hereto, HomeWAV will provide the County with reasonable assistance to enable the County to receive and use such Add-On Features with the System and will seek authorization from any third-party providers if necessary. The County will not, and will not permit any other person to, remove, alter, disfigure, or cover up any numbering, lettering, insignia, or any owner’s tag(s) displayed upon the Equipment, and the County may not move the Equipment from the Facility or the location in the Facility where it is installed by HomeWAV. Any of the foregoing actions are deemed a material breach of this Agreement. The County’s license to and use of the Software is governed by the terms of this Agreement, the Software End User License Agreement provided with the Software (a copy of which is located at <https://app.homewav.com/account/terms>), and the Website Terms of Use and Privacy Policy located at <https://www.homewav.com/privacy-policy/>, as such items may be updated, amended and modified in accordance with their respective terms (collectively, the “**Software Terms and Conditions**”). The County may not copy or modify the Software, or any adaptation, transcription, or merged portion thereof, unless expressly authorized in writing by HomeWAV. Any modifications, improvements, enhancements, changes, or any other alterations to the Software, or any derivative works made therefrom (collectively, “**Modifications**”) that are made by the County or any third party acting on the County’s behalf, whether or not authorized by HomeWAV, are deemed the sole and exclusive property of HomeWAV. Accordingly, the County hereby assigns to HomeWAV all of its right, title, and interest in and to such Modifications and shall take all necessary actions to ensure that any third party who has participated in the development of any Modifications likewise assigns all of their right, title, and interest in the Modifications to HomeWAV. For the avoidance of doubt, the foregoing licenses to the Software, Equipment and any related System components shall terminate immediately upon the termination or expiration of this Agreement.

8. **The County’s Covenants and Obligations.** The County hereby covenants and agrees to the following terms as material conditions to its right to use the System:

- a. It will not sell, sublicense, or assign the Equipment, the Software, or any other components of the System.
- b. It will keep the Equipment free and clear of all liens and encumbrances.
- c. It will only use the Equipment, Software, and other components of the System for (i) the limited purposes provided under the license in Section 7 and (ii) if requested by and, as applicable, purchased by the County, any Add-On Features in all cases pursuant to the terms and conditions of this Agreement and the Software Terms and Conditions.
- d. It will use the System solely at the Facilities and locations within the Facilities where installed by HomeWAV.
- e. It will ensure that none of the Equipment or Software is damaged by misuse or neglect, including, without limitation, by misuse by the inmates.
- f. It will work with HomeWAV to ensure that all individuals to whom it grants access to and use the System will agree to the Software Terms and Conditions, and further acknowledges and agrees that it will be fully liable to HomeWAV for breach by any such individuals of the Software Terms and Conditions.
- g. It acknowledges and agrees that HomeWAV will be the sole and exclusive provider of inmate video calls and messaging services and all related Professional Services to all of the County’s Facilities.
- h. It will not move the Equipment without the advance written consent of HomeWAV.

- i. It will not remove, alter, disfigure, or cover up any numbering, lettering, insignia, or any owner’s tag(s) displayed upon the Equipment.
 - j. It will provide an inmate roster from the Jail Management Software (“JMS”), via secure FTP or web services, at a minimum of every fifteen (15) minutes.
 - k. It will authorize HomeWAV to integrate with its JMS provider and assume financial responsibility for the costs related to the integration.
9. **Access to the Facility.** The County will grant HomeWAV and its employees and subcontractors reasonable and necessary access to the Facilities in order to enable HomeWAV to perform its obligations and exercise its rights hereunder. HomeWAV shall have the right, upon reasonable notice, to enter into each Facility to inspect the System.
10. **Use of the System.** The County agrees that the System shall be available to inmates for voice calls, video calls, messaging, and tablet services for a minimum of twelve (12) hours per day, seven (7) days per week.
11. **System Usage Fees.** The Facility’s inmates shall be charged the following fees for using the System, or such other prices as may be agreed to by the County and HomeWAV (such amounts, the “Usage Fees”). Once the On-Demand Period has run, records will be archived but remain retrievable by HomeWAV for an additional 365 days (the "**Archival Period**"). Archived records may be retrieved for internal use only, by submitting a request to HomeWAV Technical Support and will require a fee to access the archive, as well as a charge based on the labor hours required to fulfill the request. The County agrees that HomeWAV shall have no liability to the County or any third party for any failure to record, store, transmit, relay, review, or monitor any call or message.

14. **Financial Reporting Requirements.** HomeWAV shall maintain an accounting program that accurately reflects the revenues generated by the System in the Facilities and provide that information to the County monthly during the term of this Agreement. HomeWAV shall retain its share of the revenues as payment for its obligations hereunder, and shall remit the County's share of revenues, along with such monthly financial reports, to the County. HomeWAV shall issue call data, revenue, and expense information by the last day of each month with respect to call activity that occurred in the Facilities during the prior month. HomeWAV shall maintain all books, documents, accounting records and other evidence pertaining to the services and payments under this Agreement and make such materials available for inspection at all reasonable times during the term of this Agreement, and for three (3) years after the date of the final payment under the Agreement.

HomeWAV technicians are not authorized to perform

additional tasks or assist with other projects. The County agrees to cooperate with HomeWAV to find mutually agreeable time blocks for technicians to perform necessary installations or maintenance. 16. **Termination.**

- a. **Rights of Termination.** The County may terminate this Agreement if HomeWAV breaches any of its obligations under this Agreement and such breach remains uncured thirty (30) days after notice thereof, provided, that if the County breaches the scope of the license to any part of the System as set forth in Section 7, HomeWAV may terminate this Agreement immediately upon giving written notice to the County.
- b. **Effects of and Actions upon Termination or Expiration.** Upon termination or expiration of this Agreement, irrespective of the cause, the licenses granted by HomeWAV to the County shall terminate. The County shall take the following actions: (i) immediately cease and cause all of its users to immediately cease all access to and use of the System; (ii) and allow a HomeWAV authorized technician to remove the Equipment no later than (30) days following the termination or expiration date. In the event that any returned Equipment is not in good, working condition or any Equipment is not returned pursuant to this Section, the County will be liable for the replacement cost of such Equipment, and will remit payment in full upon demand by HomeWAV.
- c. **Survival.** Sections 11, 13, 15-18, 21-23, and 25-29 shall survive termination of this Agreement.

17. **Agreement Documents.** The attached Exhibit A describing the Add-On Features and Exhibit B setting forth the terms of the Service Agreement, and the Software Terms and Conditions are each made part of this Agreement and incorporated herein by this reference. 18. **Force Majeure.** To the extent allowable by law, any delays or failures by either Party hereto in the performance of the obligations hereunder shall be excused if and to the extent such delays or failures are caused by occurrences beyond such Party's control (a "Force Majeure"), including, without limitation, acts of God, strikes or other labor disturbances, war, whether declared or not, sabotage, failure of the Internet, or any part or element thereof and/or any other cause or causes, whether similar or dissimilar to those herein specified, which cannot reasonably be controlled by such Party.

19. **Governing Law.** This Agreement shall be governed by the laws of the State of Iowa, both as to interpretation and performance.

20. **Independent Contractor.** Each party acknowledges and agrees that HomeWAV and its employees (and any subcontractors it engages) serve as independent contractors and that the County shall not be in any manner responsible for any payment, insurance, or incurred liability. Nothing in this Agreement will create an employer-employee relationship, association, joint venture, partnership, or other form of legal entity or business enterprise between the Parties, their agents, employees, or affiliates.

21. **Subcontractors.** HomeWAV shall have the right, in its sole and absolute discretion, to use subcontractors to perform its obligations and exercise its rights hereunder. 28. **Supremacy.** In the event of any express conflict between this Agreement and any schedule, Request-for-proposal (“RFP”) response, or other non-binding proposal, the terms of this Agreement shall supersede any contradictory provisions or terms in the schedule, RFP response, or other non-binding proposal.

Asset Tracker for Reveal

User-friendly software to track and manage your assets using sleek hardware with a long battery life

Expensive equipment and assets are worth tracking just as much as the vehicles in your fleet. With Asset Tracker for Reveal, you can enhance asset utilization, improve maintenance and better manage security of these valuable resources.

Asset utilization

See where assets are being used, reallocate unproductive equipment elsewhere and monitor engine hours. Avoid unnecessary equipment rentals and bid on jobs more effectively.

Maintenance tracking

Set up alerts for preventative maintenance on equipment according to mileage or engine hours. Help reduce downtime, prevent breakdowns and extend the life of your assets.

Location and security

Locate equipment on a live map and view the asset tracker's battery life. Get alerts for asset movement during off-hours to help address unauthorized use and theft.

Asset Tracker hardware

Verizon Connect offers a comprehensive platform to help you make smart decisions for your fleet.

Our latest, next-gen hardware works with our software for a responsive and customized user experience.

With improved battery life, easy installation and a more discreet size, you can enjoy these benefits:

Your battery life is 5 years for powered assets and 10+ for non-powered assets.¹

Your ping rates and movement alerts can be customized.

The installation process can be easily completed through our mobile app.

Smaller hardware helps reduce the likelihood of outside tampering.

Future enhancements to the hardware can be done over the air.

Here are examples of the types of assets we can track. Ask our Sales Team for a complete list.

Non-powered assets

- Trailers
- Dumpsters
- Portable toilets
- Road signage
- Flatbeds
- Containers

Powered assets

- Generators
- Lawn equipment

The live map feature shows you where all your vehicles are in near real time.

It can help you:

- Dispatch more efficiently

- Reduce the time spent calling drivers for updates

Solve problems fast and stay on schedule.

The vehicle status pane shows you everything you need to know about any driver or vehicle at a glance. Right-click to:

Dashboards and scorecards

Metrics that make a difference

Reveal tracks the hours spent and miles driven by vehicle and driver, and then it translates that into dollars. You can see a display of your team's performance using your operational costs, such as how an inefficient route can impact your payroll expense.

Driver behavior can impact your bottom line. Our dashboard translates data points into insights that matter to your business, including:

- After-hours driving
- Modeled payroll expense
- Safety scores
- Vehicle maintenance expense
- Wasted fuel

Set driver performance standards

Measuring your team against benchmarks shows you how each driver is doing compared to others. You can see who your top and bottom performers are with stack rankings, and a driver scorecard provides data to help you coach for better behaviors. Scorecards can also be used to create a driver safety program with healthy competition and incentives to improve scores.

Alerts

Solve problems as they happen

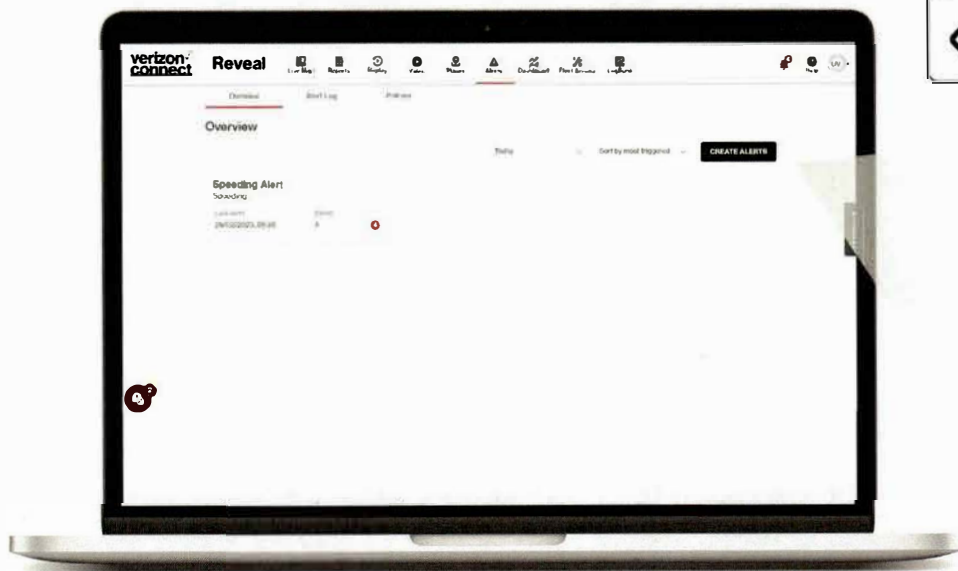

Instant alerts help you correct a situation with a vehicle or driver when something goes wrong.

By setting a policy, you'll receive an alert the moment unwanted behaviors occur, such as speeding, extended idling or entering forbidden areas. Policy types that would trigger an alert can be based on activity, idling, geofencing, harsh driving and ignition.

You control who receives alerts, which alerts they get and how they receive them. You can also deliver alerts directly to drivers via email or text.

Some alert types include:

- Inactivity
- Late start
- Sensor activation
- Speeding
- Towing
- Dashcam footage
- Geofence activity

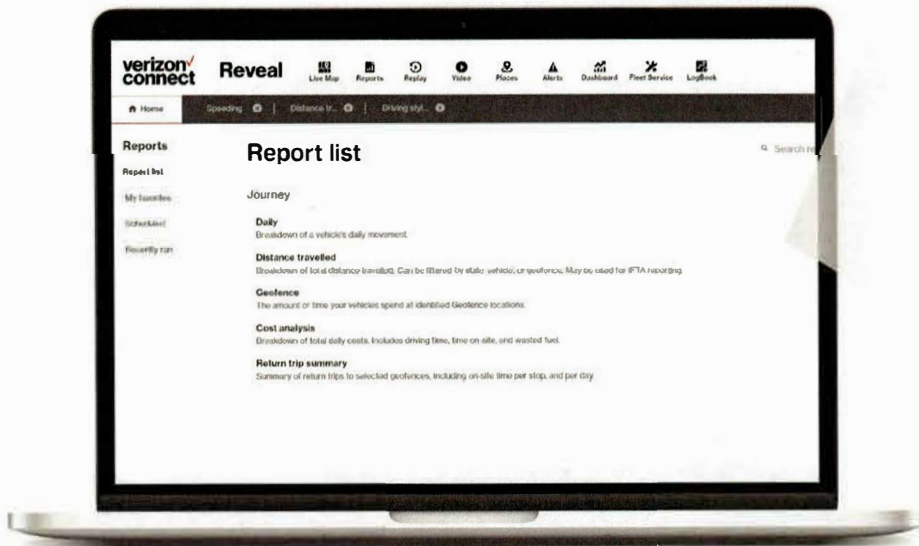

Reports

Delivered to you, the way you want them

Reports are how business owners, fleet managers and other staff guide action. Reveal gives you access to reports that provide a story, so good decisions can be made.

Reveal identifies which driver is in which vehicle, so your data is accurate. It also delivers reports to your inbox based on your preferences, whether that's daily, weekly or quarterly. The reports are scannable and allow you to click into more detail when needed. Share reports with coworkers and give them the appropriate access level based on responsibilities.

The Receiving Party will not use or disclose any Confidential Information of the Disclosing Party for any purpose other than as: (a) reasonably necessary to perform its obligations under this Agreement; (b) expressly permitted by this Agreement; (c) required by applicable law (provided that the Receiving Party shall notify the Disclosing Party of such required disclosure promptly and cooperate with the Disclosing Party, at the Disclosing Party's reasonable request and expense, in any lawful action to contest or limit such required disclosure); or (d) consented to in writing by the Disclosing Party.

14.2. 14.3. The provisions of this Section 14 are necessary for the protection of the business and goodwill of the Disclosing Party and are considered by the Receiving Party to be reasonable for such purpose. The Receiving Party agrees that any breach of these provisions may cause the Disclosing Party substantial and irreparable damages and, therefore, in the event of any such breach, in addition to other remedies which may be available, the Disclosing Party shall have the right to seek specific performance and other injunctive and equitable relief.

15.2. Customer will not copy, modify, reverse-engineer, disassemble, translate, convert or decompile any software or firmware included in any Verizon Connect Services, or otherwise provided to Customer by or on behalf of VCN, and will not disclose such software or provide access to the Devices, such software or any Verizon Connect Services to any third party for such a purpose.

15.3. Customer agrees that with respect to Verizon Connect Services, it shall not, nor shall it permit any third party to (a) assign, transfer, lease, rent, sell, distribute or import such Verizon Connect Services to any third party; (b) except with the express written consent of VCN, combine, embed or incorporate the Verizon Connect Services into any other product or service other than any Customer-owned or developed interface for purposes of receiving the data feed delivered from the Devices; (c) remove or alter any proprietary notices in the Verizon Connect Services; (d) use the Verizon Connect Services in connection with the transmission, sale, license, or delivery of any infringing, competitive, defamatory, offensive, or illegal products, services, or materials; (e) use the Verizon Connect Services in any manner that threatens the integrity, performance, or availability of the Verizon Connect Service; or (f) use the Verizon Connect Service in any manner that violates local, state or federal laws, regulations or orders.

16. MODIFICATIONS; WEBSITE MAINTENANCE

16.1. VCN and its affiliates may alter or modify all or part of the Devices, the Verizon Connect Services and/or associated websites from time to time; provided that such alterations or modifications shall not materially adversely affect the intended use of the Verizon Connect Services. Subject to the foregoing, such alterations and modifications, or both, may include, without limitation, the addition or withdrawal of features, information, products, services, software or changes in instructions. If such alterations or modifications in fact materially adversely affect such intended use, Customer may, as its sole and exclusive rights and remedy, elect to terminate this Agreement on thirty (30) days written notice to VCN. VCN reserves the right to perform scheduled maintenance for the Verizon Connect Services and its associated website(s) from time to time. This may include application and database maintenance as well as general website maintenance and may or may not involve unavailability of the Verizon Connect Services and/or its associated website(s).

Customer acknowledges and

agrees that as between Customer and VCN, VCN owns all Collected Data and Vehicle IP, including all rights in and to such Collected Data and Vehicle IP, and Customer hereby assigns for good and valuable consideration (the receipt of which is hereby acknowledged by Customer) any rights it may have in any current and future Collected Data and Vehicle IP. Customer has the right to use any Collected Data and Vehicle IP provided to Customer as part of the Verizon Connect Services for its own internal business purposes.

17.2. Video Content: Collected Data shall not include any content recorded by cameras associated with the Integrated Video service ("**Video Content**"), nor any content recorded by audio devices associated with the Integrated Video service ("**Audio Content**"). The Video and Audio Content shall be owned by Customer, including all rights in and to such Video and Audio Content. Without limiting the generality of the foregoing, Customer acknowledges and agrees that VCN may review, analyze, manipulate, copy and modify the Video and Audio Content. VCN may also distribute reports, analyses and data based upon the Video and Audio Content; provided, however, that VCN agrees that it shall not disclose to any third parties any Video and Audio Content that specifically identifies Customer, or any of the drivers of Customer's Vehicles without Customer's prior written consent. The parties agree that the foregoing restriction shall not apply to disclosures of Video or Audio Content that are (i) required by law or in response to a request from law enforcement authorities, (ii) made in connection with a subpoena or other similar demand, (iii) made in connection with a contemplated merger, acquisition or similar transaction, (iv) made to VCN's affiliates or related companies, and/or (v) made to Service Partners for delivering services on behalf of VCN.

17.3. Customer acknowledges that Collected Data may be commercially exploited by or on behalf of VCN and its affiliates for commercial marketing purposes, subject to the permissions and restrictions set forth above and in this Agreement, and in Verizon's Privacy Policy (available at www.verizon.com/privacy). If Customer has provided consent, VCN may continue to receive and collect the Collected Data after the termination of the Verizon Connect Services for purposes of facilitating API Data Services, including Third Party Services (defined in Section 1 above), that are requested by Customer.

18. SERVICE PARTNERS

Nothing set forth in an Accepted Order Form or in this Agreement gives Customer any specific rights with respect to, nor does it create a contract between Customer and the Service Partners. The Service Partners have no legal, equitable or other liability of any kind to Customer, and Customer hereby waives any and all claims or demands therefore. Customer is not a third-party beneficiary of any agreement between or among VCN and the Service Partners, but the Service Partners are intended third party beneficiaries of this Agreement, and the protections set forth in this Agreement, including, among other things, the disclaimers of warranties, limitations of liability, and indemnification provisions, do apply to the Service Partners.

Customer represents and warrant that Customer is not, nor does Customer anticipate being, listed on any U.S. Government, United Nations or other country's prohibited parties list (including, but not limited to the U.S. Department of Commerce Denied Persons List or Entity List and the U.S. Treasury Department's Specially Designated Nationals, Terrorists or Narcotics Traffickers List).

20. GENERAL

20.1. No amendment, change, modification or waiver to any provision of any Accepted Order Form or this Agreement will be binding unless signed by an authorized representative of each party.

20.2. The provisions of an Accepted Order Form, including without limitation, this Agreement, and any action related thereto will be governed and interpreted under the laws of the State of Delaware without giving effect to any conflicts of law principles to the contrary.

20.3. EACH PART OF THIS AGREEMENT THAT LIMITS LIABILITY, DISCLAIMS WARRANTIES OR GUARANTEES, OR EXCLUDES DAMAGES IS SEVERABLE AND INDEPENDENT OF ANY OTHER PROVISION AND IS TO BE ENFORCED IN SUCH MANNER. IF ANY REMEDY FAILS TO FULFILL ITS ESSENTIAL PURPOSE, THE LIMITATIONS OF LIABILITY AND EXCLUSIONS OF DAMAGES REMAIN IN EFFECT TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW.

20.4. Except as otherwise expressly permitted in this Agreement, each party must deliver all notices or other communications required or permitted under an Accepted Order Form or this Agreement to the other party, in the case of VCN to Verizon Connect, One Verizon Way, Basking Ridge, New Jersey 07920, Attention: Legal Department; and in the case of Customer at the address listed on the signature page of the Accepted Order Form, by courier, by certified or registered mail (postage prepaid and return receipt requested), electronically with proof of receipt, or by a nationally-recognized express mail service. Notice will be effective upon receipt or refusal of delivery. If delivered by certified or registered mail, any such notice will be considered to have been given five (5) business days after it was mailed, as evidenced by the postmark. If delivered by courier or express mail service, any such notice shall be considered to have been given on the delivery date reflected by the courier or express mail service receipt. Each party may change its address for receipt of notice by giving notice of such change to the other party.

20.5. Customer may not assign, sublease, sublicense or in any way transfer or assign any of its rights and obligations under this Agreement without VCN's prior written consent, including by operation of law, change of control, merger or otherwise.

20.6. This Agreement, together with any Accepted Order Form and any documents or policies referred to herein or in an Accepted Order Form, constitutes the entire agreement between Customer and VCN with respect to the Verizon Connect Services and all related hardware, software and service components. The aforementioned shall prevail over all prior or contemporaneous oral and written communications or agreements between Customer and VCN. In the event of any conflict or inconsistency between the provisions of this Agreement, an Accepted Order Form, or any documents or policies referred to herein or in an Accepted Order Form, the parties agree that any such conflict or inconsistency shall be resolved first in favor of an Accepted Order Form, and next in favor of this Agreement. VCN will not be bound by,

and specifically objects to, any term, condition or other provision that is different from or in addition to the provisions of this Agreement or an Accepted Order Form which is proffered by Customer in any purchase order, receipt, acceptance, confirmation, correspondence or otherwise, unless VCN specifically agrees in writing.

20.7. Any waiver or failure to enforce any provision of this Agreement or an Accepted Order Form on one occasion will not be deemed a waiver of any such provision or any other provision on any other occasion.

20.8. In any arbitration, mediation or other legal action or proceeding to enforce any right or remedy under an Accepted Order Form or this Agreement, the prevailing party will be entitled to recover, in addition to any other relief to which it may be entitled, its reasonable attorneys' fees and other costs incurred in that action or proceeding.

20.9. If any provision of an Accepted Order Form or this Agreement is held by a court of competent jurisdiction to be unenforceable, the enforceability of the remaining provisions of the Accepted Order Form and this Agreement will not be affected and the unenforceable provision will be deemed modified such that it is enforceable and accomplishes the intention of the parties to the fullest extent possible.

20.10. Customer agrees that the Verizon Connect Services may be provided by, and all related information (including Collected Data) accessed and/or stored by, resources located within and outside the United States and consents to such performance of services, including access and storage of information, from outside the United States.

21. **ORDER OF PRECEDENCE:** In the event of a conflict between provisions, the following order of precedence applies: (1) these additional terms and conditions as included in this Exhibit C-1; (2) VCN's proposal; (3) the RFP; and (4) documents attached to or incorporated by reference in the RFP.
