Kevin Luetters, Community Development Director, talked with the Board regarding a nuisance property in Newburg. The Board would like to continue to monitor the situation as it is currently in tax sale. Kevin also spoke with the Board regarding a court case that may require a citizen to put in a new septic system as the old one is leaking out on the ground. If the Courts ask the County to replace the system, would the Board be willing to split the payments out rather than collecting the entire fee up front on taxes. This will be something the Board will vote on once it gets to that point but at this time all members were in agreement that they were willing to work on a payment plan with the citizen.

Motion by Cupples, seconded by Stevenson to adjourn the Tuesday, September 17, 2024, meeting of the Jasper County Board of Supervisors.
